

## Stunt driver charged

On Wednesday, November 19th, at 9:48 a.m. an officer from the Nottawasaga OPP was on general patrol in the area of Highway 89 and the 9th Line of Essa Township when a 2009 black BMW model X5 was observed to be travelling westbound at a high rate of speed.

The officer determined that the motor vehicle was travelling 132 km/hr in a posted 80 km/hr zone.

The driver was stopped and as a result of the investigation, a female driver from Bradford was charged with Stunt Driving. Her licence was immediately suspended for seven days and her motor vehicle was impounded for seven days.

With all motorists adapting to winter defensive driving, please remember the holidays are coming and speeding in inclement weather will increase your chances of a collision. Drive safe, and slow down according to weather.
